

# CONTRACTOR IN CHARGE

## Contractor In Charge – CFO, Accounting & Financial Management Support

Contractor In Charge (CIC) provides turnkey bookkeeping and financial operations support built specifically for service contractors. From daily transaction management to CFO-level insights, CIC helps you run a cleaner, more profitable business without adding internal overhead.

### What you get:

- **Complete full-service bookkeeping and CFO Services** — accurate transaction input, revenue, costs, and expenses are accrued for business performance; Accounts Payable Management and Bill Payment: month end close and on-time reconciliations every month.
- **AR/AP oversight & cash-flow optimization** — keep payments organized and money moving.
- **KPI dashboards & financial reporting** — understand profitability by technician, job type, and more.
- **Tech stack integration** — QuickBooks Online and other FSM tools streamlined for accuracy.
- **Strategic financial guidance** — monthly reviews, cost-structure evaluations, and growth planning.

### Why it matters for MSA contractors:

- Removes back-office complexity so you can focus on operations and revenue.
- Provides real-time financial visibility and business intelligence.
- Replaces costly full-time accounting roles with an expert outsourced team.
- Improves margins, strengthens cash flow, and supports smarter decision-making.

### MSA Member Advantage:

- **Exclusive 10% Discount** on all weekly service fees.
- **Priority Support Channel** for faster, dedicated assistance.
- **Dedicated Account Manager** who understands your business and goals.
